*Note: don't try to add a fourth part to this, it won't work!*

*The unison verses at the start can be omitted if desired, or you could sing verse 1 only if you want.*

*If singing verse 2, you could ring bicycle bells on each "ting".*

*Verse 1 and verse 2 can be mixed together freely - add in verse 2 after a couple of repetitions of verse 1.*

*For comedy value, the choir could walk in a circle (like a bicycle wheel) as you sing this song.*

*You could even walk in a big circle around the audience.*
